Peruvian Guano Substitute!

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME.

BAUGH & SONS,
Sole Proprietors and Manufacturers, Delaware River Chemical Works, PHILADELPHIA, U. S. A.

FOR WHEAT, RYE, BARLEY, CORN, OATS, POTATOES, TOBACCO, BUCKWHEAT, SORGHUM, TURNIPS, HOPS, GARDEN VEGETABLES, and every Crop and Plant.

Especially recommended to growers of STRAWBERRIES, RASPBERRIES, BLACKBERRIES, and all SMALL FRUITS.

More than 13 years of regular use up in all descriptions of Crops grown in the Middle and Southern States, has given a high degree of popularity to this MANURE, which places its application now entirely beyond a mere experiment.

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME is eminently a success as a Substitute for Peruvian Guano and Stable Manure, and is offered to the Agriculturists of the Northern and Eastern States as a fertilizer that will cheaply restore to the Soil those essential which have been drained from it by constant cropping and high manuring.

It is very prompt in its action—its lasting effect to a degree unattained by any commercial manure on the market, and is applied at a much less cost than bought Stable Manure, or Peruvian Guano. The Labor involved in its use is far less than that of applying the manure, while there is no risk from the introduction of noxious weeds.

Farmers are recommended to purchase of the dealer located in their neighborhood. In sections where no dealer is yet established, the Phosphate may be procured directly from the undersigned. A Fringed Circular will be sent to all who apply.

Our NEW PAMPHLET, "How to Maintain the Fertility of American Farms,"—90 pages, giving full information in regard to the use of manure, &c., will be furnished gratis on application.

Sewing Machines.—THE GROVER & BAKER.—THE BEST IN USE.
These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Sewing Machine" and the "Shuttle Sewing Machine" are the only machines that have been awarded a first prize by the State of New York. They are the only machines that are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. They are also admirably adapted to the sewing, and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

\$100 REWARD.
FOR a medicine that will cure COUGHS, INFLUENZA, TICKLING IN THE THROAT, WHOOPING COUGH, or relieve CONSUMPTIVE COUGHS.

COO'S Cough Balsam!
OVER ONE MILLION BOTTLES have been sold and not a single instance of its failure is known. We have in our possession, many quantities of Certified Copies of them from EMINENT PHYSICIANS who have used it in their practice, and given it the pre-eminence over every other compound.

It does not Dry Up a Cough, but LOOSENS IT, so as to enable the patient to expectorate freely. Two or three doses will invariably Cure Tickling in the Throat.

A bottle has been often completely cured the most Stubborn Cough, and yet, though it is so sure and speedy in its operation, it is perfectly harmless, being purely vegetable. It is very agreeable to the taste, and may be administered to children of any age.

In cases of CROUP we will guarantee a cure, if not cured, we will refund the money without fail. It is within the reach of all, it being the cheapest and best medicine extant.

Lyon's Periodical Drops!
THE GREAT FEMALE REMEDY FOR IRREGULARITIES!

I have tested these Drops in my own practice, over ten years, and do not hesitate to say, that nothing has yet been developed by medical research, that acts so powerfully, positively, and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases, it never fails, while chronic cases have been long sufferers, are indebted to it for the boon of health to-day.

Although so powerful and positive, they are perfectly harmless, and may be used at all times, except when specially forbidden in the directions.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their efficacy from all over the northern and western States, where they are not in their native privacy. Over 100,000 bottles have been sold the past year, and I hope and trust as many sufferers have been benefited. I am well aware that a remedy so potent to remove all obstructions, may be used for the purpose, but trust that where one bottle is thus used, ten may fall into the hands of really needy sufferers.

To all who suffer from any irregularity; painful, difficult, excessive, offensive or obstructed menstruation; Leucorrhoea, or the twin of disease, called "White Discharge," try a bottle of Dr. Lyon's Famous Periodical Drops. Being a fair preparation, their action is more direct and positive than any pills or powders. Explicit directions, bearing my fac-simile, accompany each bottle.

They may be obtained of nearly every druggist in the country, or by enclosing the price to C. G. CLARK & CO., New Haven, Conn., General Agents for the United States and Canada.

Selected Poetry.

TO-DAY AND TO-MORROW.
Don't tell me of to-morrow;
Give me the boy who'll say
That when a good deed's to be done,
"Let's do the deed to-day."
We may all command the present,
If we act and never wait;
But when the good deed's done,
Of a past that comes too late.

Don't tell me of to-morrow;
There is much to do to-day;
That can never be accomplished
If we throw the hours away.
Every moment has its duty;
What the future can do still
That we should do to-day—
What to-day can do as well!

Don't tell me of to-morrow;
If we look upon the past,
How much we have left to do,
We cannot do at last.
To-day is the only time
For all on this frail earth;
It takes an age to form a life;
A moment gives it birth.

Agricultural & Domestic.

PLANT TREES.
The genial season has come—the season of budding buds, emerald grasses and singing birds. It is the season, also, of unusual activity and labor on the farm in the garden and the nursery. There is no lack of employment for those who "earn their bread by the sweat of the brow." We have ploughing, sowing, manuring, planting and pruning to attend to; also the transplanting of fruit and ornamental trees. The former or gardener who overlooks this latter duty, neglects one of the most important duties of his profession. The diversity of soil and climate in this country, gives us a wide variety of fruit and ornamental plants, and no man who owns a farm, garden, or even a house-lot, should omit setting out fruit trees. They cost but little, require small attention, yet return us delicious and health-giving food, and add considerably to the value and attractiveness of our homes.

Many persons, intelligent ones, too, live on farms or country-seats all their lives, but never set out a tree. They neglect this duty because they think "it takes too long to grow and bear fruit," and "it is not profitable." But, in the fruit that no tree ever bears, we find our ancestors—entertained the same selfish notions; where would be the luxuriant fruit that no tree ever bears? Where? Not certainly in the blooming orchard, nor in the verdant vineyard. The market, instead of the abundance of apples, peaches and pears; the profusion of plums, cherries and other delicacies in the way of small fruits, we should "go hungry" for those luxuries; and the little orchards which beautify our farms and back yards, the landscape would become a wilderness, and the little garden of the poor man would be a comparative desert. A wild, a solitude to himself and family. This error, mistake, or stupidity in not planting trees because they are slow in coming to maturity, is a great mistake; it is the excuse of the idle man, the apology of the sluggard, and the subterfuge, evasion and shift of those who live upon the labor of others.

We cannot jump from disrepair to broadcloth, nor can we make prize-buff out of juvenile calves; we cannot slide from depravity to righteousness, nor can we raise or propagate tree fruits in a day or a year. But, by proper planting, skillful culture on favorable soils, we can obtain fruit in a comparatively brief time. If we do not live to enjoy the returns for our labor somebody else will—perhaps your children or grand-children, or maybe a foot-sore and travel-weary beggar may rest beneath the broad, bending boughs of your tree, and say, "I must have an organ." The congregation could not afford to pay an organist, so they got a self-acting organ, a compact instrument well suited to the purpose, and constructed to play forty tunes.

The sexton and others continued their exertions to find the spring, but no one could find it. At last, the sexton, the organist, and the churchwarden, who were the stoutest men in the church to shoulder the perverse instrument, and they carried it down the aisle of the church, playing away, into the church yard, where it continued clicking and playing away until the whole forty tunes were finished.

A LONG KICK.
Two Irishmen engaged in peddling packages of linen, bought an old mule to aid in carrying the burdens. One would ride awhile, then the other, carrying the bales of linen on the mule. One day, the Irishman who was on foot, got close to the mule, when he received a kick on one of his shins. To be revenged, he picked up a stone and hurled it at the mule, but by accident struck his companion on the back of the head. Seeing what he had done, he stopped and began to groan, and his friend said, "The mule turned and asked what was the matter."

"The cratur's kicked me," was the reply.
"Be jabbers," said the other, "he'd the same thing to me on the back of the head."

TOO GOOD TO BE LOST.
A good joke is related of a couple of members of the West Virginia Legislature, which is worth relating. In conversation one day on the subject of the Lord's Prayer, one offered to bet the other five dollars that he did not know it. The bet was accepted, and, by agreement, the Legislature was to repeat it. He commenced as follows:
"Now I lay me down to sleep,
I pray the Lord my soul to keep,
I pray the Lord my soul to take."

"Well, I declare," replied the astonished Legislature, "you have won the bet, but I'll be—If I thought you knew it, I'd have betted five dollars that you didn't know it to the great amusement of a number of gentlemen present."

Anecdote of a Texas Soldier.—Napoleon, Arkansas, sends us an anecdote of a Texas soldier. A soldier met a Methodist circuit rider and at once recognized him as such, but affected ignorance of it.

Preacher—"What command do you belong to?"
Soldier—"I belong to the—th Texas regiment, Van Dorn's army. What army do you belong to?"
Preacher—"Very solemnly—"I belong to the Army of the Lord!"
Soldier—"My friend, you've got a very long way from headquarters!"

ed water in the longest drouth. For forty or fifty years this spring was considered the best in Cloud-Doubs. A few years since the grove was felled and the ground turned again to a pasture. The spring disappeared with the wood, and is now as dry as it was ninety years ago."

BEEK ROBBING PASTURE.—A dairyman once remarked that he did not like the community for dairying, on account of the bees which were pastured, the country being so richly wooded. This was a new thought, and opened the eyes of the by-standers, but it is true nevertheless. The saccharine principle is an important element in herbage. The whiteclover, which is one of the main reliances of the dairyman, is entirely robbed of its treasure by these roving thieves, at the expense of the sweetness of the milk, and the sugar generally necessary to a cow's benefit. It is a small matter, and overlooked, but has its force.—*Cor. Rural World.*

BALUSOHIO & RUSSELL'S SCREW-POWDER.
Both first-class Machines, having sold a number of these Machines in the last three years. They have given general satisfaction wherever used. We ask farmers to call and examine these machines before purchasing elsewhere, as they will be able to make a better selection. We could produce under a number of certificates from some of the best farmers in the country, but deem it unnecessary, as we warrant these machines to give satisfaction with a fair trial, or no sale. Insured for one season.
Extras always kept on hand. We have made arrangements to have repairing done when needed at any time and on moderate terms.
With the above we have for sale a number of valuable Farming Implements.

SEYMOUR THATCHER, M. D.,
of Hiram, N. Y., writes as follows:
Wistar's Balsam of Wild Cherry gives
universal satisfaction. It seems to cure a

and allaying irritation, thus REMOVING THE CAUSE, instead of drying up the cough and leaving the cause behind. I consider the Balm as good as any, if not the best, Cough medicine with which I am acquainted."

The Rev. JACOB SECHLER, of Hanover, Pa., well known and much respected among the German population of this country, makes the following statement for the benefit of the afflicted:

Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—WISTAR'S BALM OF WILD CHERRY—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balm, and before she had taken the whole of the contents of the bottle, there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by JACOB SECHLER.
